STEWARDS FINE HAYMAN \$200

ACTION TAKEN IN THE CASE OF ORTHODOX.

Wild Thyme Gallops Cff With Vestal Stakes -A Cinch for Buttons-James R. Keene's Robin Hood in Front-Four Favorites Successful at Bennings.

WASHINGTON, Nov. 25 .- The stewards of the Bennnings meeting took action to-day in the case of the two-year-old Orthodox, whose surprising reversal of form on Monday caused an immediate investigation.

M. L. Hayman, the reputed owner, appeared at the track to-day and received notice that he had been fined \$200 for running Orthodog "undt" in a race last week, and was also informed that a second offerer of this kind would result in the refusal of his entries. This action is generally commended by turf-men here, who say that Hayman got off with a comparatively light penalty.

Although there were seven races in the

programme to-day, the crowd did not turn out in large numbers. The Vestal Stakes, for three-year-old fillies, at a mile and a half. was a practical walkover for Andrew Miller's Wild Thyme, who was at the prohibitive odds of 1 to 20, and who galloped away from Nancy D., the only other starter, with ridicu-E. R. Thomas's Buttons, at 1 to 3, also had a cinch in the fifth race, at a mile, coming home on the bit four lengths in front of Norbury, who beat Toscan a head for

The public money was divided between James R. Keene's Robin Hood and J. W. Coil's Judith Campbell in the first race, for all ages, at six and a half furlongs, the former closing favorite at 8 to 5, with 9 to 5 against the latter. Masterman got away quickly and with Master Prim and Judith Campbell showed the way to the stretch, where Robin Hood, Redfern up, went to the front and won rasily by a length and a half from Judith Campbell, who held the same margin over Masterman, 15 to 1. The latter beat Wager, to 1, a head, with Master Prim a head back. Another favorite went through all rigit Another favorite went through an right in the second race, for maiden two-year-old illies, at five furiongs, when Redfern drew way in the stretch with R. T. Wilson, Jr.'s juninogie, 2 to 1, and won easily by four engths from Belle of Belle Meade, second shoice. The latter was hard driven by dichaels to beat Belle of Wakefield, 12 to 1, in head.

choice. The latter was nard arriven by Michaels to beat Belle of Wakefield, 12 to 1, by a heat.

The talent received a body blow when Andrew Miller's Reveille, odds on favorite, was soundly beaten in the fourth race, at six furlongs. The start was ragged, both Reveille and Yo San, second choice, getting the worst of it. The Bowery went away running, but was readily caught by Colleen Bawn, who led into the stretch. H. M. Ziegler's Miss Mellon, a 15 to 1 shot, then took command under a neat ride from little E. Walsh, and won in a gallop by three lengths. Colleen Bawn, against whom there was as much as 60 to 1, beat The Bowery a head for the place, with Reveille a head behind. In the sixth event, at a mile and a furlong the smart money went for King B, favorite at 6 to 5. Fuller made the pace with him for nearly a mile, where he hung, and Heir Apparent, 10 to 1, came on and beat him by two lengths. King B, was four lengths before Mollie Monopole, 100 to 1.

There was a great tip out on Taxman in the instrace, at seven furlongs, and he was installed in a drive by a length and a hiff fron a The Guardsman. S to 1, with Cottage Maid, 8 to 1, two lengths away. Pittaeus, weil played at 7 to 2, after getting to the front at the halfmile pole, stopped to nothing. Redfern and E. Walsh each rode two winners, and four favorites got the money.

Aside from the opening of the new links the Country Club of Lakewood, petitions are scheduled for to-day at nearly every course in the M. G. A district, and, with fine weather, it will be one of the liveliwith fine weather, it will be one of the liveli-est days of the season. The final round for the championship of the Garden City Goif Club, at thirty-six hoies, will be played be-tween C. B. Maccioniad and Arden M. Rob-bins, and special cup events at Dyker Meadow, the Crescent A. C. Apawamis, Richmond County, Ardsley, St. Andrews, Baitusroi, Fox Hills and the Newark Goif Club will take place.

Mrs. Adrian Riker won the women's championship of the Newark Golf Club yesterday, beating Mrs. P. O. Dickinson in the final by up and 1 to play. She gained, besides the title, the possession for the year of the Herman Unger cup, which must be won twice to be won outright. It was the second time the trophy has been in play. Miss Charlotte Jenkinson having won last year, when Mrs. Dickinson was the runner up.

LAKEWOOD, N. J., Nov. 23.—A big crowd of golfers has arrived here this week to take part golfers has arrived in the annual fall tournament of the Country Club. This event, which has heretofore been held under the auspices of the Golf Club club. This event, which has heretofore been held under the auspices of the Golf Club of Lakewood, is of considerable importance, ranking next to the championship tournaments in point of number of entries and general excellence of play. As will be seen from the list of names, a number of cracks are here from various parts of the United States. More than passing interest is manifested by the players in this fournament. It marks the formad opening of the new eighteen-hole course completed this fall on the tract of land owned by the Country Club. The links are in fine condition—nothing but praise for them is heard on all sides. The record for the course is held by George Low, professional at Baitusroi, who played here recently in a special match, making a 72, and clipping two strokes off the previous record of 74, held by Willie Norton, the home professional. The club committee held a special meeting to-night and posted the following announcement of the drawing for the preliminary round at medal play, which starts in the morning at 9 o'clock promptly.

KAISER'S OCEAN RACE CUP.

Cablegram From Lord Lonsdale Discussed

by N. Y. Y. C. Yachtsmen. A meeting of the flag officers and members of the regatta committee of the New York Yacht Club was held vesterday in the club house to consider a cablegram that was received from Lord Lonsdale relating to the cup which the German Emperor has offered cup which the German Emperor has onered on behalf of the German Emperor in this matter and he first told of the cup shortly after the last series of races for the America's. Cup. Before the Emperor made his offer Sir Thomas Lipton announced through Commodore Robert E. Tod that he would give a \$2,500 trophy to the Atlantic Yacht Club Commodore Robert E. Tod that he would give a \$2,500 trophy to the Atlantic Yacht Club for an ocean race.

Lord Lonsdale returned to England, and then cablegrams were exchanged between Commodore Tod and Sir Thomas Lipton with the result that Sir Thomas withdrew his offer and the German Emperor announced that he would give a cup to the Atlantic and New York yacht clubs for a race to be sailed next season from Sandy Hook to some port on the English Channel. The race was to be an open one, and it was expected that some foreign yachtsmen would bring their yachts here and enter them in the race.

The New York Yacht Club never holds an open regatta. The races of that club are open only to yachts owned by members. There has been some objection, too, raised by some of the members to accepting a cup in the race for which it is to act conjointly with another organization. The formal offer of the cup has not been made vet. The tierman Emperor announced that it would be made through the German Ambassador, and that official is now on his way to this country.

The officers of the New York Yacht Club decline to make public the contents of Lord Lonsdale's cablegram, and no official action will be taken by the club until a formal offer is made of the cup. When that is done the offer will be laid before the members at a meeting.

The Atlantic Yacht Club has done a great

offer will be laid before the members at a meeting.

The Atlantic Yacht Club has done a great deal in the last few years to boom ocean yacht racing, and as Sir Thomas Lipton was first in the field with an offer of a cup for a race across the ocean, the Atlantic yachtsmen do not feel disposed to withdraw altogether and let the New York Yacht Club take all the honors. The Atlantic club agreed to Sir Thomas Lipton's withdrawing his offer only on condition that the German Emperor should couple the Atlantic and New York Yacht clubs in his offer for a cup, and this has been done. If the New York Yacht Club will not agree to manage the race with the Atlantic club, then the cup will probably be offered through the Atlantic club alone.

the Atlantic club alone
It is certain that there will be an ocean race
next spring, and there will be just as many
starters, no matter how the race is managed.

IMPROVEMENT AT HORSE SALE. Some Spirited Bidding-J. H. Rogan Gets Trilby Direct for \$1,300.

There was decided improvement yesterday the tone of the Old Glory horse sale in Madison Square Garden The consignment John H. Shults of Parkville Farm showed a change for the better. Senator Bailey of Lexington bought two fast young winners for the blue grass region. Jacob Ruppert paid the first four figures of the day for a son of Oakland Baron, 2:00%. The first to go above the \$2,000 mark was a pacer, and the price was largely prospective, for nothing sensational had been shown. The average of Mr. Shulta's consignment was one of the best of the week and averaged higher by a good margin than the consignor had predicted The campaigning stable of James Butler that filled in the evening brought a lot of us ding was spirited, but prices were low wher quality is considered. Hetty S, 2:0514, had brought many to the ringside prepared to bid for the best half mile track winner out this year, but she was not offered.

Cole Direct, 2:13¼, goes to Austria and bids fair to win new laurels there. Trilby Direct, 2:081/2, the champion green pacing mare the year, brought out spirited bidding. J. Davey of Niagara Falls, N. Y., started the little black whirlwind at \$500, and R. L. Davis, acting for a New York owner, said \$600. Then J. H. Rogan, a New York fancier and breeder, took a hand and the three kept at it until Davis bid \$1,650. Rogan raised it to \$1,700 and got the mare. Daphne Direct, 2:115 of the year, was cheap at \$1,300. This little champion was a wonder and stepped a quarter mile over the Empire track early last spring

in 0:30. 10 10:30:4, sold at \$650, a modest sum, to say the least, for a young mare that had shown her ability this year to trot a mile in 2:12 and bred in the purple. The best sales follow: CON IGNMENT FROM A. A. HOUSMAN BABTLON, L.

DOUBLE HONORS FOR CORNELL

WINS TEAM AND INDIVIDUAL HONORS AT CROSS-COUNTRY.

Harvard, Yale, Princeton, Pennsylvania and Columbia Next in the Order Named -Fine Showing by Schutt, Who Finishes

First in the Annual College Contest. The Intercollegiate Cross-Country Association held its fifth annual championship on the New York Athletic Club course at Travers Island yesterday, and representaes from six of the leading Eastern colleges had a battle royal for the honors The course was a trifle over six miles, it being three times around a two mile circuit, with the start and finish in the centre of the athletic A string of thirty-nine men toed the scratch for the contest, and out of this formidable pack thirty-three finished in good shape. Only the first four men in each team counted, and when the final tally was

reckoned it was found that Cornell had earned honors by a comfortable margin, Harvard, Yale, Princeton, Pennsylvania and Columbia finishing in the order named. Individual honors also fell to the Ithaca institution of learning, in the person of W E. Schutt, who, after the first mile, led the field flew over the water jump near the end, and breasted the tape like a Speedway stepper Cornell's decisive victory in this branch of college athletics demonstrates that she is far ahead of her rivals. Out of the five years which the competition has been in existence

Cornell has won the team honors four times,

the other victory going to Yale. Experts said that the weather vesterday was a trifle too cold for cross-country work Very little delay occurred in lining the men up at the start. A few minutes past 4 o'clock Starter Gianinni fired the gun, and away the men went at a lively gait. The Bolton memorial was the first turning point. and Alcott of Yale had the lead, with Ruther-ford, Princeton: Jacobus, Yale, and Hail, Yale, running abreast and all the other Schutt was in Afteenth place, bu as the ground was soft at this point, he waited until he got the more springy footing to forge ahead

While the pack skirted the Bolton Priory woods, and along by Mount Tom, there was little change, but facing the brook Jacobus drew out and was first over with Drodge Columbia, and Hill, Yale, at his heels after the turn was made for Whitewood lane, from which there was a straight canter to the Shore road, and here Schutt let out a link, sailing to the front in faultless style. He topped the wall like a real chaser and moving in his fine, loose, raking stride, tore, along the road and flitted by the finish of the first lap in 11 minutes 23 seconds. Woodward him, while strung out for a distance of about eventy yards were the others in the following order: Hail, Munson, Newman, Trott, Chapin King, Foster, Curtis, Mccioffin, Parkhurst Howard, Woodward, Yale: Alcott, Russel Gunn, Crawford, Root, Frank, McDonald, Drodge, Williams, Hirshberg, Greene, Fulton

and Evans.

Partly in this order they ran until facing the brook the second time, when King of Harvard spurted into third place, while Schutt led over the water with the C rneil Woodward about a stride in his rear. Along Whitewood lane King held his ground, but Hail, who was moving well within himself, went by him for third place. At this point Schutt and Woodward forced the pace and, tearing into the Shore road, leit the others behind. Facing the second lap post Schutt and Woodward forced the pace and, tearing into the Shore road, leit the others behind. Facing the second lap post Schutt and Woodward had a lead of twenty-five yards on Hail, King and Foster, who were running almost abreast. Munson and McGoffin were about thirty yards behind the trio mentioned, and were about the same distance in front of Colwell.

Trott, Curtis, Howard, Parkhurst, Jacobus and the Yale Woodward were bunched, while in a straggling array slong the road were Crawford, Alcott, Gunn, Russel, Whittaker, Rowland. Chandler, Root, Frank McDonald, Douglas, Williams, Greene, Duke and McCarey. The time for the two laps was 21 minutes 22 seconds.

No great change took place in the last lap, but the Cornell men began to close up, and showed splendid team work, encouraging each other along. Schutt was the first over the brook, followed by Woodward, with Hail, Yale, in third place. Over the Whitewood lane stretch and by the Shore road the same order was maintained. As the men entered Travers Island Schutt drew away from Woodward and won by twenty-five yards, while Hail was about fifty vards back, in third place Foster and McGoffin finished strong, and thus Cornell had four men home out of the first five. The race was not marked by any very sensational incidents. Frank of Princeton, who made twenty-fifth place, was disqualified by Heferee Sullivan for skipping one of the jumps. After the first round Hill of Yale and Rutherford retired, and Fulton, Columbia; Chapin, Princeton, and Gilpin, Pennsylvania, did not finish.

The timers of the meet were Partly in this order they run until facing

DWIGHT SCHOOL SUSPENDED. Result of Klous Matter, but Head Master

Williams Is Indifferent. A special meeting of the New York Interscholastic Athletic Association was held at Columbia Grammar School yesterday afternoon. The meeting was called on the finding of the protest committee in the Klous matter. The latter, a student at Dwight School, was declared ineligible to compete in the football championships on the ground that he had not been a full calendar year at the school. There was considerable discussion over the matter, and it was finally decided to suspend Dwight School from the association for one year. Head Master Williams said after the meeting:
"It is a matter of indifference to Dwight

whether the association has suspended the school or not. You can say for the school school or not. You can say for the school and myself that Dwight is out of the association, having been so since the finding of the protest committee against Klous. Whatever action the association may now take does not matter.

In regard to the new association the head master said:

master said:
"I think it would be a good thing for the schools that have one-year students. I favor a new association without the one-year rule, provided the head misters have control, and I would certainly have the school become a member. The breaking away of Dwight School from the association makes the third strong school to resign. The schools left in the association, however, say the association will, nevertheless, exist, and that they will carry on their championships just the same.

Duke of Roxburghe to Have a Racing Establishment.

Special Carle Despatch to THE STN LONDON, Nov. 25 .- The correspondent THE SUN at Newmarket says it is reported that the Duke of Roxburghe, who recently married Miss May Goelet of New York, is contemplating the formation of a racing establishment. He is said to be negotiating for the purchase of a house at Nawmarket. TYPHOID AND DIPHTHERIA.

Both Diseases Epidemie in Elmira Reformatory-Six Fatal (ases This Month. ELMIRA. Nov. 25.-Typhoid fever a d

diphtheria now seem to be epidemic in Elmira Reformatory. To-night there are twelve pronounced typhoid patients in the hospital and as many suspected cases. Thus far this month there have been six deaths one of typhoid and five of diphtheria. Supt. Robertson announces that sixteen diphtheria patients were discharged to-day from the hospital. He reports sixty-two cases of diphtheria and says the disease is on the decline. Dr Robertson said that samples of the water had been sent to the State Board of Health at Albany for bacteriological analysis, and he expected a report on it by Saturday

"The only lesses a fluxes, sails Dr. schert-son, in discussing the typhoid outbreak, "is that if the water is not good enough to use without being filtered, why were we given unfiltered water when everybody else got filtered water? The only point I made it his prior to using the city water made is this-prior to using the city water we had no typhoid in the institution for two years. Now after using it we have all kinds of trouble. You can draw your own conclusion. I have already drawn mine."

In answer to Dr. Robertson's assertion,
Manager Divan of the City Water Company

"The statement of the reformatory management that they were supplied with unfiltered water without their knowledge is unfounded and a seeming attempt to put the blame of infected water, if there is any, on some one else. Their contract calls for water from our storage riservoir and they never had a connection with the filtered water system. All of the water ever furnished them has been from this reservoir and unfiltered, so they had no reason to suppose they were getting any-

reason to suppose they were getting anything different this time."
Supt. Robertson's resignation takes effect Dec. I. He will be relieved by Joseph Scott of the Massachusetts State Reformatory. The present epidemic may delay the transfer.

SILKMAN CASE DISMISSED.

Proceeding Against Surrogate Not in Jurisdiction of Brooklyn Court.

The Appellate Division of the Supreme Brooklyn has handed down a decision in the matter of the charges recently made by the Court against Surrogate Theodore H. Silkman of Westchester county to the effect that he had violated the constitution by practising law while in office. The constitution prohibits a Surrogate elected in a county having a population of over 120,000 from practising law. The matter was brought to the attention of the Court by Lawyer James M Hunt, who accused Surrogate Silkman of practising in the Supreme Court and Appellate Division. The hearing in the case was before Presign Justice Good-

rich and Justices Einschberg, Woodward, Bartlett and Hooker. A majority of the Court dismissed the proceedings on the ground that it had no jurisdiction. It is easimed on behalt of Surrogate Silkman that the word "population" as used in the section of the Constitution cited be confined to the citizen inhabitants. is to be confined to the citizen inhabitants, including aliens, and that at the time of his election on this basis the population of the county was within the 120,000 limit. Justice Hirschberg, who writes the prevailing opinion, holds that if the Surrogate must be punished at all it must be by the Legislature. He also says that any countries. Legislature. He also says that any court of record in the State could prevent and should prevent the Surrogate from practisshould prevent the surrogate from practis-ing law, in case he has violated the Con-stitution. There is so much divergence between the opinions of Justices Goodrich, Hirschberg and Woodward in the case, that it is likely to be taken to the Court of

APATHETIC SEA COOKS. They Don't Seem to Care to Organize, and

the Seamen's Union Wonders Why. To organize the sea cooks along the Atlantic coast and especially in this port is the principal aim of the International Seamen's Union, now in convention at Concordia Hall, in East Forty-first street. Curiously enough, while the sea cooks and marine stewards on the Pacific Coast and along the Great Lakes are well organized, the sea cooks over here are apathetic about it. The union wants them to be in a position to ouit work if the captain complains that the plum duff has been burned.

Resolutions were passed at the convention vesterday providing for the appointment

of permanent organizers for the sea cooks and stewards on the Atlantic coast, and an open meeting of sea cooks has been called for to-morrow night at 34 Old slip, when they will be asked why they don't organize. A dinner is to be given to the visiting delegates to-night at the Ashland House. Mass for Catholic Benevolent Societies.

All the branches of the Catholic Benevolent Societies in New York will hold Thanksgiving services in St. Patrick's Cathedral this morning. A memorial mass will be celebrated at 10 o'clock, Father Lavelle officiating. The Roy. Daniel C. Cunnion of Gramercy Council will preach.

POLITICAL NOTES.

Republicans daily ask a question which is of great importance in a national campaign. It is: If Roosevelt is nominated, who is to be treasurer of the Republican national com-mittee? The incumbent is Cornelius N. Bliss of New York, but should Senator Hanna not remain as chairman of the committee Mr. Bliss's friends say that he would retire.

Political philosophers say that the new voter should take more interest in politics, local, State and national. Some of them insist that in ante-bellum times the young men, lawyers, clerks and merchants, took a very much more active interest in politics and political discussions than is observed in these days. The comment is made that nowadays men do not become interested much before they are 30 or 35. The philosophers insist that politics brea lens the scope of everyday life and sharpens the intellect motives of patriotism, if nothing more.

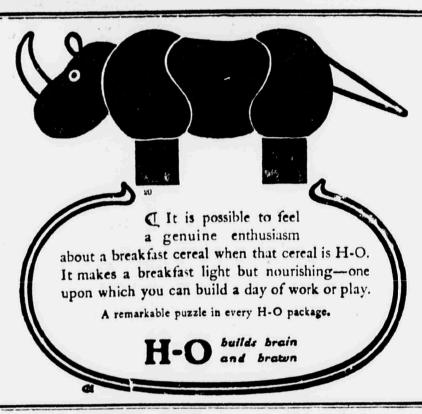

With all the talk of colonizing, usually quite emphatic several days before election day, it is the opinion of expert Republicans and Democrats that no fairer elections are conducted in the United States than those of New York city.

The total electoral vote in 1904 will be 476 The number necessary to a choice will be 239 fifteen more than in the previous decade Republican mathematicians say that the re-cent elections show that the following States will be safely Republican: California, 10. Colorado, 5; Connecticut, 7; Delaware, 3; Idaho, 3: Illinois, 27: Indiana, 15: Iowa, 13: Kansas 10; Maine, 6; Massachusetts, 16; Michigan, 14 Minnesota, 11: Montana, 3: Nebraska, 8: Nev Hampshire, 4: New Jersey, 12; New York, 39 North Dakota, 4: Ohio, 23; Oregon, 4: Penn sylvania, 34; Rhode Island, 4; South Dakota, : Utah. 3: Vermont. 4: Washington, 5: Wes Virginia, 7, Wisconsin, 13; Wyoming, 3; total

The Democratic mathematicians say these States will be safely Democratic: Alabama, 11 Arkansas, 9; Colorado, 5; Florida, 5; Georgia 13; Idaho, 3; Kentucky, 13; Louisiana, 9; Mary land, 8; Mississippi, 10; Missouri, 18; Montana, 3; Nevada, 3; New York, 39; North Carolina, 12: Rhode Island, 4: South Carolina, 9: Tennessee, 12; Texas, 18; Utah, 3; Virginia, 12 total, 219 The Democrats hope to make up the 20

M'CARREN CLEANING HOUSE.

NEW BROOKLYN BOSS TO ELIM-INATE THE SWELLS.

Will Reduce Membership of Executive Committee to 25-Shepard's Blue Bloods to Be Dropped From Organization-Coler May Be Shooed Too.

Senator P. H. McCarren is planning some important changes in the make-up of the new executive committee of the Democratic organization in Kings County It is proposed to cut down the membership of that body from thirty-six to twenty-five, the new committee to include one from each of the twenty-one Assembly districts, the chairman, secretary and treasurer of the county committee and the chairman of the nance committee. It is also understood, that under the new management the so called "blue blood" delegates to the county committee, who were seated two county committee, who were seated two years ago as a compliment to the Hon. Edward M. Shepard and his fellow reformers, are to be retired and their places filled with active party workers. Senator McCarren realizes that there is great work ahead for the Kings county Democracy next year and he does not intend to encumber the machine with merely ornamental timbers. The Hon. Bird S. Coler has been invisible at Democratic leadquarters since McCarren took charge and, it is surmised, that he will be dropped as chairman of the finance committee. Former Police Commissioner Bernard J. York is another Demomissioner Bernard J. York is another Demofinance committee. Former Police Commissioner Bernard J. York is another Demo missioner Bernard J. York is another Democratic statesman who will be missed from the councils of the new régime. He is to be succeeded as the executve member from the Eleventh district by Thomas R. Farrell, who has been the real leader in the district since the death of Daniel O'Connell. The new county committee will meet next Tuesday night and be organized by the election of Col. James D. STATE OF MANHATTAN. More Talk Heard of the Hon. Patrick Trainor's Dream.

Several years ago the late Patrick Trainor, Tammany Senator, introduced a bill at Albany calling for a constitutional amendment whereby the city of New York amendment whereby the city of New York should be cut off from the rest of the State and known as the State of Manhattan. Democrats last night were discussing the advisability of trying it again. They said that New York city now pays 70 per cent. of the taxes of the State, while the Republicans in authority at Albany, from Gov. Morton's time in 1804, have been legislating against the city of New York. But Republicans laughed at the idea of such an atlicans laughed at the idea of licans laughed at the idea of such an at-tempt. They are in control of the Legisla-ture, and under the present apportion-ment it will be a righty difficult thing for the Democrats to capture the Senate. Besides, the "havseeders" of both parties do not care to lose such a good "graft" as New York city.

DANGER FROM THE THIRD RAIL Fire Chief Purroy Reports on the Pertis

to Which His Men Are Exposed.

Fire Chief Charles D. Purroy, after as examination of the elevated railroad structure in the several boroughs, has reported to Fire Commissioner Sturgis that the third rail is a menace to the lives of the firemen who may be compelled to fight a fire on the railroad track itself or to us the track to fight a nearby fire.

The elevated lines in Manhattan, he said, are more dangerous than they were a year ago from the fact that the inside wooden guard strip has been removed so as to permit the use of a snow scraping device. The outside wooden guard strip
has also been cut down to a level with the
third rail at some points. The greatest
danger of contact he found to be at the
curves of the Third and Sixth avenue lines.
There have never been any safeguards
in Brooklyn, he said, and the conditions

Purroy suggested that the matter be called to the attention of the State Railroad Commission.

The Chief suggests also that the elevated railroad management be required to have the electricity cut off from any particular section of the road while the firemen are at

work there \$.8 will buy the latest Four-in-dand Tie in Squirrel. C. C. SHAYNE, Manufacturer, 41st and 42d Sts., between Broadway and 6th Av.
